Michigan

2014

🧠 SKILLS

Three.JS | React.JS | JavaScript | HTML | CSS

Python | PostgreSQL | Node.JS | Bash Scripting

MS Office

🌐 LANGUAGES

Greek (Native) | English (C2) | German (A1)

📁 PROJECTS

Multiplayer VR enviroment

Project for my thesis, developed with Three.JS(JavaScript Framework), Node.JS and WebRTC. In this project, multiple users can connect to a VR (Virtual Reality) space and interact via camera or chat.

Flutter Mobile App

Created a mobile application using Flutter and SQLite(DataBase) to register/login users and use CRUD(Create-Read-Update-Delete) operations. Import data via json for display in charts.
